

**LEARN HOW TO MAKE YOUR  
LITTLE GIANT POWER HAMMER  
WORK HARDER THAN EVER!**

You are invited to join us for our annual Little Giant Rebuilding Seminar. It will be held Friday March 16 through Saturday March 17, 2018.

First taught by our good friend Fred Caylor of Zionsville, Indiana, we carry on his tradition of teaching how to make Little Giants run well and hit hard.

This 2 day class is a hands-on format. You will help transform a 25 LB Little Giant from running but sloppy condition into a well tuned, quiet, hard working machine. Sid Suedmeier, former owner of Little Giant, will share all his knowledge and experience gained from Fred and 26 years of repairing and rebuilding Little Giants.

An old style 25 LB Little Giant will be rebuilt during the class, but we will also have a new style on hand to demonstrate proper assembly and adjustment of both styles.

The class is held in our shop in historical Nebraska City, Nebraska. Our city has a nice selection of cafes, outlets, antique and gift shops, orchards, wineries and museums.

**IF YOU HAVE A LITTLE GIANT,  
THIS CLASS IS FOR YOU!**

No experience is required to attend this class. Our past classes have been attended by folks from every walk of life, from students to retirees ...anyone who wants to learn can benefit from this class. We approach the rebuilding process using tools that can be found in the average home workshop.

If you are in the market to buy a power hammer, this class will make you an educated shopper. If you already own a Little Giant, or any other brand of power hammer, this class will teach you how to get the most performance possible.

The class costs \$95, refundable up to 7 days prior to the class; advance registration is required. We limit the class to 25 participants. The class starts at 9 AM sharp on Friday, and typically ends by Saturday evening. We are available Sunday until noon in case we encounter any exceptional problems in rebuilding, and to answer remaining questions.

When we receive your registration, we will send you a city map, along with travel and hotel information.

Airports are located in Omaha (45 miles north), Lincoln (50 miles west) and Kansas City (125 miles south).

**2018 REGISTRATION**
